◇ **EagleView Technologies—Allan Ladouceur**

EagleView is a technology provider of aerial imagery, data analytics and GIS. This session will demonstrate the value of aerial measurements and EagleView's technological enhancements.

◇ **Oilfield M&E—Gord Davis**

We will be looking at Well site configurations and discussing specific equipment, purpose, physical parameters, costs of the equipment and installation and variations of connections to the well and tie in.

◇ **The New Legislative Environment—Sue Thomson, AMAA**

With the recently amended Municipal Government Act, municipalities and municipal assessors, face a dynamic new industrial property assessment landscape and other changes, which have not been significantly updated since the Municipal Government Act was consolidated in 1995. With a full generation of experience with the post 1995 environment, it can be difficult to turn abruptly into a new landscape and see the potential. This session will address the policy shifts and how the new legislative environment is expected to be implemented

◇ **Behind the Scenes of Assessment Review Board Member Training —Donna Graham**

Donna Graham has been running the Board Member Training sessions for many years and has a wealth of knowledge to share of the challenges facing Board Members as they navigate the hearing process. This session will give you a unique insight into the work of the other side of the assessment bench. There will be ample opportunity to ask questions, so come with your curiosity peaked!

◇ **Alberta Farmland Assessment—Jeff Nutting, AMAA Ret.**

A presentation on an article written for the Appraisal Institute of Canada's Canadian Property Valuation magazine. As well an updated discussion reflecting new assessment legislation on farm building assessments in urban areas and the addition of woodlots being treated as farming operations.
